MOREMI GAME RESERVE EXCURSION PROGRAM-1 DAY

Arrival-Maun

This safari officially starts in Maun and is intended to depart early in the morning on the day of departure. It is therefore important that you plan to arrive in Maun the day before the safari starts. A professional guide and/or a representative Woral's Travel Tour & Safari will meet you upon your arrival at Maun Airport.

You will then be transferred to your place of lodging where you will spend your pre-safari night.

Presafari accommodation can be arranged for you at an extra cost.

You will also be collected from your hotel/lodge on the day the safari departs.

Note: The afternoon of the day of arrival is left for you to spend at leisure, to go shopping for curios and also to have the option of taking a scenic flight over the Delta (**at an extra cost**). This activity offers an aerial view of the Okavango Delta, giving you the opportunity to see the Delta's unique water system from a different perspective. It is even possible to spot large game animals such as elephants, hippos, etc from high above during the flight.

DAY 1: TO MOREMI GAME RESERVE

Distance covered: approx. 100 Km to reach Moremi South Gate

Driving time: approx. 2.0–2.5 hours

You will be picked up from your place of accommodation in the morning (0500–0530hrs). You will board your safari vehicle and make the journey northwards to Moremi Game Reserve for a one (1) day safari excursion.

Breakfast, typically consisting of coffee/tea, juice, cereals, rusks, fruits, etc. is enjoyed upon arrival at Moremi Game Reserve's South gate. Thereafter you enter into game drive mode as the guide takes you through the varied landscapes of this wildlife reserve.

Contained within an area of approximately 3900 square kilometers, Moremi boasts of diverse ecosystems ranging from floodplains, waterways, lagoons, pools, pans, grasslands and riparian forests, riverine to mopane woodland. This diversity makes Moremi one of the prime game viewing and bird watching areas of the world.

With the ever abundant water of the Okavango Delta, Moremi provides you with a wealth of photographic subjects, dramatic landscapes, and herds of plain's game and spectacular birdlife.

Your day will be spent searching for the wide variety of wildlife and birds that this area is famous for.

Thus in the mopane scrub, look out for large herds of African elephants while in the waterways you should look out for pods of hippopotami. On the open plains you should also keep an eye on for large herds of the Cape buffalo.

You will also be looking out for the elusive African wild dogs, lions as well as the raptors such as the mighty Martial Eagle, Tawny Eagle, the majestic African Fish Eagle and that incredible aviator—the Bateleur and many others.

At the same time you will be absorbing the sounds and beauty of the African wilderness.

Around lunch time a nice picnic area is selected in the bush where you will enjoy your packed lunch and also stretch your legs.

OPTIONAL ACTIVITIES

Note: All activities **marked optional** can be arranged for you at an **extra cost**.

We therefore strongly recommend that clients request additional optional activities at the time they request a quotation or make a booking to ensure the availability of such activities.

LUGGAGE

It is highly recommended that clients keep their luggage to a minimum. It is very important to note this when travelling on a safari because of space constraints. On charter aircrafts used to transfer clients to and from safari camps, luggage is restricted to 20 kg per person and this includes all hand luggage and camera equipment.

- We therefore strongly recommend that you travel with 'soft duffel' or 'backpack' style bags. Please **do not** bring **hard-body or wheeled suitcases** as they will not fit properly in the vehicle/trailer, and also will not fit on the luggage compartments of the light aircrafts normally used.
- Lightweight clothing of neutral colours that blend with the African bush and forest are preferable during summer.
- Warm wear such as jackets and jerseys, again of neutral colours, should be brought along during the winter months as it can be very chilly on the early morning and late evenings. In some parts of the country temperatures can even fall below zero degrees Celsius.
- Trousers, long-sleeved shirts and blouses are also necessary as they minimize the chances of getting bitten by mosquito.
- Closed, comfortable walking shoes or gym shoes are a must in all seasons.
- Bring along a sun hat, preferably wide brimmed, as opposed to a baseball cap.
- Also pack a good quality sunscreen, polarized sunglasses and a mosquito repellent to use at dawn and dusk.
- A small day pack can also become handy for your prescription medicine, lip balm, moisturizer, binoculars, camera, camera batteries, sunscreen lotions, insect repellents and other small items.
